

THE CAVALIER MARCHING BAND AT THE UNIVERSITY OF VIRGINIA DEPENDS ON YAMAHA.

"The music staff at the University wanted to start the marching band program with only the finest equipment possible. We chose Yamaha for the sound of the instruments, the durability of its products and the service we received for our program. Now, the band is going strong because the students are able to play on equipment that meets all of our needs."

-William E. Pease, Director of Bands
